

Miami, Florida  
November 26<sup>th</sup>, 2018

To Whom It May Concern:

The Sixty Sixty Resort has had the distinct pleasure of working with Expert Technology Choice for the past year. We have contracted with them a system to save on our water bills, that was installed in September 2017, with excellent results.

We are very satisfied with the work done by Expert Technology Choice, since in September 2017 our water bills had an average of \$ 9,700, and a year later our water bills come with an average below \$ 5,400

Expert Technology Choice has just taken the step of joining forces with a contractor and an investor company, to increase their offers for water savings without investment. We have taken the decision to upgrade the system with Expert Technology Choice Corp., to duplicate the savings and eliminate the occurrence of water leaks through the toilets.

We highly recommend Expert Technology Choice Corp. for your water conservation plans.

Should you have any questions, do not hesitate to contact our corporate office.

Respectfully,

**The Sixty Sixty Miami Resort**
