To: Whom it may concern,

Martin Sánchez and Daniel Bach from Utility Bill Recovery presented me with an opportunity.

I must admit, if it hadn't come through a referral from my childhood friend, Rudy de la Mora, who had already improved his accounts with excellent results, I wouldn't have decided to approve the audit.

We extended it not only to our plant in Miami but also to our plant in Homestead. Now, as a satisfied client, I enthusiastically recommend the benefits they initially offered to our organization.

Best regards,

Alexis Llizo
