To: Whom it may concern.

We are Archer Western - De Moya Joint Venture III construction, currently overseeing the Miami Signature Bridge mega-project in Downtown Miami.

We would like to take the time to let you know that the company UB Recovery has provided us with Utility Bill Recovery services. They audited our FPL invoices for the past 36 months, successfully rectifying errors, recovering overpaid amounts, and ensuring that our accounts are in order. Since engaging their services, all subsequent invoices received have been modified to reflect the correct billing amount. We entrusted UB Recovery based on their strong references that guarantee their professionalism, based on their clients' successful reimbursement track record.

I want to highlight the exceptional, personalized services of Martin Sánchez and Daniel Bach, whose dedication and efforts led to significant savings and improved financial management for us. They consistently kept us informed throughout the process, and we are highly pleased to be counted amongst their portfolio of satisfied clients.

Sincerely,

Virginia Young
