Subject: Recommendation for UB Recovery

To Whom it may concern,

I highly recommend UB Recovery for their outstanding services in recovering overpayments on our energy bills. Mr. Daniel Bach and Mr. Martin Sanchez were professional, transparent, and kept us informed throughout the process. Their expertise saved us money, and I encourage you to explore how they can benefit your organization.

Feel free to contact me at our office number 305-888-4752.

Best regards,

Regional Manager for Polimix USA.
